**What the hell is going with this XM / Sirius merger?  
Who is getting paid to slow the process down? The  
~~REDACTED~~ RADIO Broadcaster's putting out the hush money?**

**This is a no brainer. The merger is GOOD for the  
consumer. I am in favor if it.**

**I am contacting my Representatives and informing  
them about the slow down of the merger. The FCC  
needs to get off their ass and get moving.!**

**With great speed you sold local media down the tubes to  
BIG BIZ to stifle debate and the free flow of  
information. Now you are letting Murdoch try to  
control the DOW????? If he gains control I pull my  
money out!**
